SRT Resistor Technology GmbH

Ostlandstrasse 31
Cadolzburg, Bayern 90556
Deutschland

Telefon: +49 (0)9103 / 7952-0

On the following sites we want to give an overview about our delivery program of resistors and other passive components.High value resistors and high voltage resistors in thick film technology are thereby the focal point. Additional there is shown a huge number of resistors in different sizes and technologies. Beside the introduction of our company we will give actual information about new developments and application aspects.

From our service team you will get supplemental information with pleasure.

Quotations you can request directly. SMD-Resistors
Leaded Resistors
Temperature Sensors
